

THE S-ANON FAMILY GROUPS OF DC, MD AND VA PRESENT

WEAVING RECOVERY INTO OUR LIVES

JOIN US FOR A DAY IN THE MOUNTAINS!

Registration for a full day of program, activities, fellowship and food is still open through March 8.

TAKE TIME & SPACE AWAY

"I do not miss retreats. I appreciate the opportunity to connect with nature as well as with my program friends. I find that having some time and space away from my daily routine helps me to feel reenergized in my program work and I love making connections with new and returning members."

KEEP GROWING

"It was a battery charger, a reminder of continuing to keep growing/cultivating/building my program and my relationships."

SHARE THE JOURNEY

"I really benefitted from meeting others and listening to their journeys. It is very important for me moving forward to interact with more S-Anon members outside of my immediate group."

CONNECT IN-PERSON

"The retreat provided a much needed boost. Being able to connect with people in real life was really refreshing."

WORK THE PROGRAM

"It was like getting an infusion of excitement, commitment and support for me to work the program."
